Our Lady of the Lake Catholic Community Mission Statement

Sixth Sunday of Easter

Musings from the Pastoral Center

by Deacon Bill

The night before he suffered, Jesus spoke to his disciples. He told them that he was leaving. He prepared them for his departure. The disciples did not understand. "Where are you going?" "How will we know the way?" are two questions asked by the disciples. So Jesus taught them about the precious gifts with which he was leaving them.

He taught them about the gift of love – his love for them and theirs for him – which would remain even though Jesus would depart from view. He taught them about the Holy Spirit, the Advocate who would provide guidance for the difficult times ahead. And he reminded them once again of the gift of peace, which would calm their troubled minds and heal their grieving hearts.

What do the disciples do with these gifts of love, guidance and peace? Not much at first; but, eventually, we learn that they use these gifts to build the Church. Even though they were afraid, the disciples eventually moved on. What do we do with these gifts? How will we respond? What does our Church do with these gifts? The gifts of love, the Holy Spirit and of peace are given to all of us and to the Church. With these gifts we all are able to gather as the whole and united Body of Christ and build Christ's kingdom.

Mother's Day Prayer

We thank you, Creator of us all, for our Mothers. I thank you that she gave me life and nurtured me all those years. She gave me my faith, helping me to know you and to know Jesus and his ways. She taught me how to love and how to sacrifice for others. She taught me that it was okay to cry and that I should always tell the truth. Bless her with the graces she needs and which you want to give her today. Help her to feel precious in your eyes today and to know that I love her. Give her strength and courage, compassion and peace. Bless her this day with your love.

Happy Mother's Day to all of you!

OLL School Corner

Mrs. Punjak – 3rd Grade

In religion we just finished up Unit 3, The Body of Christ. We will skip over to Unit 5, The Church Leads. We will be discussing what is Jesus' law of love, how does God give you faith, hope, and love, and how does the Church help you make right choices?

We are getting towards the end of our English book. I started doing DLP (daily language practice) on the board daily. I write sentences that have several mistakes in them, could be spelling, punctuation or capitalization mistakes. (Example: its an story that has ben retold in meny different ways). In this sentence I'm looking for capitalization, contraction, adjective, spelling and punctuation.

In science we have read about the water cycle, which includes where is water found, what is the water cycle and what is weather? I hope to finish up this chapter in the next week so we can get started on earth's place in the solar system. When we go to UMD Planetarium I would like the kids to have a little understanding about the constellations and the solar system. The next project I want the kids to do is draw or design the water cycle. We will discuss this in the next coming weeks.

In art we have been trying our hand at making different kinds of spring flowers with different kinds of media and designs. Flowers are not some kid's favorite art project. But they are will to try anything as long as it's not a worksheet or test.

Mrs. Worrall – 4th Grade

The 4th graders have been very busy this month. We have been learning about charity and service learning projects in religion, and we are excited to put our talking into action by having a bake sale to raise money for Haiti. (**The 4th graders raised \$176.13!**) We also finished reading the book, Little House in the Big Woods. The students had to complete a final project and many of them chose to make a model of the cabin that the Ingall's lived in. I am very impressed with how they turned out! We also shared a Little House themed feast in celebration of the book. We made butter, listened to songs from long ago, and some students made recipes out of the Little House cookbook to share with the class. The students were surprised at how good Pioneer food could be. We have been studying ecosystems in science and planted our own miniature greenhouses. We also were able to go on a walking field trip with the 5th grade where we picked up garbage along the path from school to Pamida Beach in honor of Earth Day. The students also received a tree of their own to bring home and plant.

Mrs. Levings & Ms. Setzke – 5th Grade

Ah, the warmth of spring...wait, now it's cold...ah, it's warm again! And how can we have any May flowers if there are no April Showers? Yes, the weather has been interesting, and so have many events in our 5th grade class. Here are a few highlights:

In **Language Arts** we have been creative with a lot with different poetry forms. Our goal is to create individual poetry anthologies. Be watching out for invitations to a poetry/story reading event an evening in late May.

In the classroom during **Science** we have been conducting a quarter-long Biology experiment where we learn about plant growth and the effect of fertilizers on seedlings. Once a week, Mrs. Debra Ollanketo, a "Master Gardener," comes to monitor plant health and share expertise. We're also wrapping up a Geology study of rocks and gems.

In **Math** we've added, subtracted, multiplied and divided up fractions for weeks. Now we're on to Geometry: classification of polygons, and equations for perimeter, area, and volume are just around the angle (sorry, I mean corner).

We've had a couple of recent trips away from the OLL campus. Mrs. Hicks and Mrs. Owen helped us enjoy the musical stylings of the Ashland High School Jazz Band and Choirs. Mr. Hart and Mrs. Jablonski-Root trekked in the freezing cold offshore breeze April 21 for our pre-Earth Day trail clean-up field trip. Yes, it was cold (snowflakes were spotted) and it was dirty, stinky work. We appreciate your help (and we hope you've thawed out)! We will have a couple more field trips in the coming weeks, so watch for more permission slips! Have a wonderful May, with or without flowers!

A Mothers' Day Prayer

Give her strength and courage, compassion and peace.

Bless her this day with your love.

Praise ye the Lord,
O my soul, while I live
will I praise the Lord:
I will sing praises unto
my God while I have

Intentions of our Holy Father for May

That the shameful and monstrous trafficking in human beings, which sadly involves millions of women and children, may stop.

That priests, religious women and men, and lay people involved in apostolic work may understand how to bring missionary enthusiasm to the communities they serve.
